= The importance of the study of the science of different Hadeeth and the variety of methods of teaching it, either theoretical or applied.

= The applied studies of this art, which I reach to, are considered . not enough because the subject needs more care.

= There is no remarkable contrast among Ahadeeth, but there is only difference or shortage in understanding.

= Those who explain Ahadeeth are careful with this art . Their books admit this . If there is difference or contrast, they answer it.

= The importance of the explanation of AL-Imam AL-Nawawi, although it is not big, it contains scientific benefits and values with proof and accuracy.
